ABOUT ME

I am self-motivated and very hard working with a goal to grow and obtain as much knowledge in all aspects of the Graphic Design and Marketing Industry. I am currently in the process of studying Advanced Digital Marketing (EQF 5) and English for Business to further my skills. I consider myself to be an asset to any company that might seek to employ me. I am well-spoken and believe I can be successful in any task I am committed to complete at the best of my abilities. I am a "people person" and am able to get along in any environment. I work very well under pressure and will go out of my way to stick to a deadline.
